Dear Friends,

It gives us immense pleasure in inviting you to the inaugural GROW India Turner Meeting in collaboration with Ishani Foundation, Merchant Chambers of UP, Kanpur Obs & Gynae Society and Kanpur Academy of Pediatrics. The meeting aims to improve the lives of girls with Turner syndrome by enhancing awareness amongst health care providers and forming Turner syndrome support group.

Turner syndrome is common but frequently missed with devastating impact. The disorder imposes significant burden of girls and their families due to impact on growth, puberty, reproduction, cardiovascular system and beyond. The Turner syndrome Meeting would provide information about the state of the art management of the condition. The meeting would witness launch of Turner syndrome support group and educational material.

Thanking you,

**Mr Mukul Tandon,**  
President,

**Dr Shailendra Singh**
